

# SADIA RAHMAN NIHA

Computer Science & Engineering Graduate | Front-End Development & Software Engineering

Narayanganj, Bangladesh | srniha08@gmail.com | +880 1581-514993 | [GitHub](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student at R. P. Shaha University with practical software development experience through academic projects and an ongoing internship at **Leo Tech BD**, where I help build and optimize responsive web applications. Skilled in modern web technologies, object-oriented programming, and user-centric design, with a track record of independently shipping full-stack and graphics-based projects. Seeking a software engineering or front-end development role to apply and grow this technical foundation.

## EXPERIENCE

**Software Development Intern** — Leo Tech BD, Dhaka, Bangladesh

July 2026 – Present

- Learning professional workplace conduct and the fundamentals of working in a software industry, including team communication and project workflows.
- Gaining exposure to client handling, requirement gathering, and business-side considerations behind software projects.
- Practicing time and schedule management while collaborating with both senior and junior team members on ongoing tasks.

## KEY PROJECTS

**Kacchi Khacchi — Kacchi Delivery Website** — [GitHub Repository](#)

HTML5, CSS3, JavaScript, Web Design

- Built a website-based Kacchi Biryani ordering and delivery system for a local Narayanganj business, covering menu browsing, cart, and order flow.

**Gorur Haat Simulation** — [GitHub Repository](#)

C++, OpenGL, Computer Graphics

- Created an interactive 2D OpenGL simulation of a traditional cattle market with custom rendering and event-handling logic.

## TECHNICAL SKILLS

**Languages & Web:** HTML5, CSS3, JavaScript, C, C++, Java, Responsive Web Design

**Databases & Tools:** MySQL, Git/GitHub, Visual Studio Code, Code::Blocks, LaTeX

**Languages Spoken:** Bengali (Native), English (Professional Working Proficiency), Hindi (Basic)

## EDUCATION

**B.Sc. in Computer Science and Engineering**

**R. P. Shaha University (RPSU)**, Narayanganj, Bangladesh

Expected Graduation: 2026 | CGPA: 3.00 / 4.00 (up to 7th Semester)

**Relevant Coursework:** Software Engineering & Web Technologies, Database Management Systems, Object-Oriented Programming, Data Structures & Algorithms, Artificial Intelligence

**Higher Secondary Certificate (HSC – Science)** — Government Mohila College, 2021 — GPA: 5.00 / 5.00

**Secondary School Certificate (SSC – Science)** — Narayanganj Preparatory School, 2019 — GPA: 5.00 / 5.00

## KEY STRENGTHS

Analytical problem-solving • UI/UX optimization • Rapid technical adaptability • Collaborative teamwork • Front-end development • Software engineering fundamentals
